5th November 2026

Dear Parent/Carer,

I am writing to inform you about Pearson ActiveHub, our online learning platform for French and Spanish homework.

ActiveHub helps students practise vocabulary, reinforce classroom learning and prepare for assessments. It also allows teachers to monitor progress, identify gaps in understanding and revisit areas where students need further support.

Students have already been shown how to access ActiveHub in lessons, and teachers have been available to support them with their first login. While many students have already started completing their homework, some have not yet logged in. We would appreciate your support in encouraging your child to do so.

Vocabulary Practice Booklet

Alongside ActiveHub, students have received or will shortly receive a vocabulary booklet for each unit of study. This includes the Look, Cover, Write, Check technique to help students memorise vocabulary, as well as space to record their scores from activities completed online.

How to Access ActiveHub

First-time login:

1. Visit https://activehub.pearson.com/ and select “Forgot password”.
2. Enter your child's school email address.
3. Check their school email (including junk/spam) for a message from Pearson.
4. Follow the link to create a password, then return to ActiveHub and log in.

Future logins: Use the same website, school email address and password to access the assigned homework.

We kindly ask that you remind your child to complete their online homework regularly, practise vocabulary using their booklet and record their scores. If your child experiences any difficulties accessing ActiveHub, please encourage them to speak to their MFL teacher, who will be happy to help.

Thank you for your continued support.

Kind regards,

Mrs Cuino
Head of Modern Foreign Languages

Dear Parent/Carer,

Re: Pearson ActiveHub – French and Spanish Homework

I am writing to inform you about Pearson ActiveHub, our online learning platform used to support students with their French and Spanish homework.

ActiveHub provides students with opportunities to practise and consolidate vocabulary, reinforce learning from lessons and prepare for assessments. It also enables teachers to monitor students' progress, identify gaps in understanding and address areas where additional support may be required.

Students have already been introduced to ActiveHub during lessons and have been guided through the process of accessing the platform. Teachers have also been available to support students with their initial login. Whilst many students have already begun completing their assigned homework, we are aware that some have yet to access the platform. We would therefore be grateful for your support in encouraging your child to log in and engage with the activities set.

Vocabulary Practice Booklets

In addition to ActiveHub, students have received, or will shortly receive, a vocabulary practice booklet for each unit of study. These booklets are designed to support independent learning and help students develop their confidence in remembering and retaining key vocabulary.

They include the *Look, Cover, Write, Check* technique, which provides a structured approach to vocabulary memorisation, as well as dedicated spaces for students to record their scores from activities completed on ActiveHub. We encourage students to use these booklets regularly alongside their online homework.

How to Access ActiveHub

For their first login, students should follow these steps:

1. Visit https://activehub.pearson.com/ and select **'Forgot password'**.
2. Enter their school email address.
3. Check their school email account, including the junk/spam folder, for an email from Pearson.
4. Follow the link provided to create a password.
5. Return to the ActiveHub website and log in using their school email address and newly created password.

For subsequent logins: Students should visit the same website and use their school email address and chosen password to access their assigned homework.

How You Can Support Your Child

We would greatly appreciate your support in encouraging your child to:

- Log in to Pearson ActiveHub and complete their assigned homework regularly.
- Practise key vocabulary using their vocabulary booklets.
- Use the *Look, Cover, Write, Check* technique to strengthen their vocabulary retention.
- Record their online activity scores in the appropriate sections of their booklets.

Should your child experience any difficulties accessing ActiveHub or completing their assigned activities, please encourage them to speak to their Modern Foreign Languages (MFL) teacher, who will be happy to provide assistance.

Thank you for your continued support in helping your child make progress in their language learning. Your encouragement in establishing regular independent study habits is greatly appreciated.

Yours faithfully,

Mrs Cuino
Head of Modern Foreign Languages
