Friday 27th February 2026

Dear Parents and Carers,

Re: Reassurance Regarding Recent Social Media Posts

I am writing to reassure you following the recent social media posts referring to possible issues involving secondary schools in the local area.

I want to be very clear that no incidents have taken place in or around the areas nearest to the school, and no concerns have been reported involving our students. Across this week, students have left the school site safely and calmly each day, and there have been no reports of any problems on journeys to and from school.

We understand that messages on social media can sometimes cause understandable concern for families. Please be assured that we treat any information of this kind seriously and respond appropriately. We continue to work closely with neighbouring schools and the local police, sharing information and ensuring that any potential concerns are carefully monitored.

The safety and wellbeing of our students remains our highest priority. Senior and pastoral staff will continue, **as always**, to be highly visible at the end of the school day, wearing high-visibility jackets and supporting students as they leave the site. Staff will be positioned along Lukin Street, at the front of the school, and in the area around Shadwell DLR station to help ensure that students leave safely and confidently.

We are confident that the arrangements in place are effective and that students can continue to attend school and travel home safely and as normal.

If you have any concerns, please contact the school 020 7791 9500 or speak with your child's Head of Year.

Thank you for your continued support.

Yours in service,

Mr A Hall
Executive Headteacher
