Date: 16th May 2025

Dear Parent/Carer,

I am writing to you regarding your daughter completing work experience in a Health or Social Care Setting. At present, your child is completing **Unit 6 Work Experience in the Health and Social Care Sector**.

In this unit, all students will examine how work experience can help them to develop personal and professional skills, such as communication and teamwork, and to understand more about the expectations of different professional roles. This is a practical unit which will support students work experience placement in health and social care and provide a foundation for them to develop, apply and reflect on knowledge and skills in a realistic situation. In order to complete this Unit, they must complete 100 hours of Work Experience in total. This will be the second placement that your child will complete in order to complete these hours.

Your child must be on placement Monday – Friday for one week on the following dates:

Monday 23rd June – Friday 27th June 2025

Your child has been made aware of the expectations whilst on work experience. They must ensure that: they are in line with the organisations dress code, they are punctual and attending each day, and are familiar with their key duties/responsibilities. If there are any issues raised by the organisation, your child's placement may be at risk of being terminated.

If you require any further information, please do not hesitate in contacting me.

Kind Regards,

Miss Chowdhury

Acting Head of Social Sciences
